The Bruce Mines and District Chamber of Commerce ‘Member of the Month’ for July 2023 is Brittany Hodgkinson of EXIT Realty True North.

Brittany was born and raised in Sault Ste. Marie and has been working with EXIT Realty since 2020, covering the Sault and surrounding areas.

As she successfully sold more transactions ‘down the line’, she fell in love with Bruce Mines, it’s charm and residents and convinced fiancé, Riley McPhee (local Bruce Mines boy) to move back to his home town. They are now happily settled on Jack’s Island.

Brittany has a wide variety of work experience, that puts her on a front foot in the real estate market.

- Graduated from Algoma University with a Bachelor of Business Administration specializing in Economics – sparking her interest in the real estate market.
- Spent several years working in the Toronto commercial real estate market
- Worked at a law firm for over 10 years

This has provided Brittany with a strong understanding and experience with contracts, which in turn, helps to better serve her clients in protecting their interests when it comes to buying and selling property – which can be a complex process.

Brittany’s services at EXIT Realty include:

- Representing buyers, sellers, and investors
- Residential, multi-family, rural and commercial properties
- Premium customer service and full-service brokerage
- Complimentary home valuation
- Full marketing suite – which includes home staging, photography, aerial/drone photography, videography.

Everything necessary to successfully market and sell your home.
